

EBCA 4: Entrepreneurship: behavioral and cognitive approaches

Date: 14-15 October 2021

Location: Sciences Po Strasbourg, Strasbourg, France

LaRGE Research Center, the research center in management and finance of EM Strasbourg Business School, University of Strasbourg, will organize the fourth workshop on **behavioral and cognitive approaches in entrepreneurship** on 14th and 15th of October 2021. The workshop aims to bring together all researchers working on any behavioral or cognitive aspect of entrepreneurship.

We welcome contributions from economics, psychology, neuroscience, finance and management science but also from other disciplines such as sociology, linguistics or history, with an empirical, theoretical or methodological perspective.

Topics may include:

- Cognitive and behavioral biases, including entrepreneurs' bias
- Behavioral finance and behavioral strategy, including entrepreneurial finance
- Economic development, firm formation, financing of business firms
- Experimental research in entrepreneurship research
- Psychology, cognition, and entrepreneurship
- Entrepreneurial team, team work and group rationality
- Methodological issues in behavioral and cognitive approaches in entrepreneurship

Submissions can take several forms: Full papers and working papers

Scientific committee
